

Dream Corner

Little did I know what God had in store our lives 26 1/2 years ago when Evelyn McBurney approached me for a complimentary make over at 10 PM while I was working in a key management position at a major retail chain.

I was driving 35 miles one way to work and working a minimum 45-60 hours a week and missing my high school age children's activities. In fact, my daughter was Homecoming Queen and I couldn't get the time off to attend due to problems at the store. The same thing happened during the football season when my son, Tim was quarterback.

I was not the least bit interested in Evelyn's "facial". I gave Evelyn every excuse you'll ever hear and finished with I don't have friends to share it with and I'm not buying your stuff. She still came! A 45 mile trip for her. Never let NO stop you.

That was the beginning of a whole new life. We earned our 1st car as soon as Mary Kay started the consultant car program. We've been driving free ever since and we've moved from a trailer to our dream home on the green belt in Clive, Iowa.

Mary Kay has allowed Steve to retire at an early age and start his own very successful salsa business. I now have the time and energy to pour my time into my children & grandchildren's lives- never missing important dates and activities. Knowing that my future is secure regardless of what is going on in corporate America and our country. When tough times come our business soars. I love the choices that money gives us- the cars, diamonds & other perks; including 101 Star prizes. But the spiritual and personal growth, along with the lifetime friends from all over the country are truly priceless. What a dream.

Thank you God, Evelyn & Mary Kay for the life of my dreams.
