My

life has never been the same since I signed my Mary Kay agreement and it only got better once I became a director. As a single mom of 3 young boys (4 yr old TWINS and 6 yr old), it has been an absolute dream to have the freedom to build a business and be a parent at the same time. Not only am I available to see and be at all the special events of my children but I have the ability to do this while I earn an executive income.

Aside of earning great income, Mary Kay has taught me how to set and achieve goals, deal with disappointments, celebrate BIG, and most importantly, the ability to bounce back. I have become a stronger and better woman because of this. And, it is evident in all of my roles as a Christian Woman, mother, daughter, sister, director, and friend. This company is incredible!

And last and most important, the relationships and friendships we build in the business few only wish they could have. By being in this company you are surrounded by sharing, inspiring, giving women and you do not always find in a J.O.B. My best friend and offspring Director has made this journey truly fun and rewarding. Having a best friend that you share similar goals and dreams makes this career the absolute best. We are able to share ideas, build our businesses, work as a team
